### Hosting an Internal Lecture to Promote Para-Sports

NRS CORPORATION has been supporting para-sports since 2017 through a sponsorship agreement with the Japan Powerchair Football Association. On September 19<sup>th</sup> (Tuesday), we had the honor of hosting a lecture at our headquarters featuring Mr. Tadanori Yoshino, Chairman of the Japan Powerchair Football Association, along with players Mr. Yuki Mikami, Mr. Tamaki Nakayama, and Ms. Mari Nagaoka, who provided firsthand insights into the activities and appeal of this sport. Employees of the NRS GROUP participated in the event at our headquarters as well as online, engaging in a Q&A session with the athletes, which helped deepen their understanding of powerchair soccer and para-sports.

We will continue to engage in a wide range of social contribution activities, including support for para-sports.
