### **NRS to Support Earthquake Relief in Noto Peninsula**

We would like to extend our deepest sympathies to all those who were affected by the devastating earthquake that occurred on January 1<sup>st</sup> of this year in Noto Peninsula.

NRS GROUP has donated JPY 5,000,000 as relief aid to Ishikawa Prefecture. Additionally, the company initiated a matching donation program, matching contributions from its employees. In total, through this matching donation program, we contributed JPY 1,784,000 to Ishikawa Prefecture.

Furthermore, we are conducting on-site investigations and preparations to advance water supply support using Intermediate Bulk Containers (IBC) in the disaster-affected areas.

We sincerely pray for the earliest recovery of the disaster-affected areas.
