NRS GROUP Safety Convention was Held

On May 24th, NRS GROUP held the "2025 Safety Convention for Container Business Division and Bulk Logistics Business Division Chemical Center Department".

1. Purpose of the Safety Convention

NRS GROUP, a company handling hazardous materials, considers safety as the foundation of its business and responsibility towards society. The Safety Convention is held annually with the purpose of maintaining and improving safety and high-quality, as well as providing safety education.

2. Overview

In the 2025 Safety Convention, three offices from the Container Business Division and four Bulk Logistics Business Division Chemical Center Department presented their accident prevention measures and safety initiatives. By replicating past accidents and sharing the corresponding preventive measures, the aim is to thoroughly prevent the recurrence of similar incidents. This time, the presentation was held in a conference room. Through safety presentations, numerous participants enhanced their awareness of maintaining and improving safety and quality.
