NRS Kumamoto Branch Participated in Kumamoto Environmental Clean Campaign

On October 4th, NRS Kumamoto branch participated in the "Kumamoto Environmental Clean Campaign" activity organized by KUMAMOTO TRUCKING ASSOCIATION. This activity involves volunteers beautifying flower beds along roadsides, sidewalks, parks, and other areas while focusing on the local environment and promoting coexistence with society. On the day of the event, employees from our Kumamoto branch conducted a cleaning activity along the sidewalks near the Kyoku-shi Roadside Station, along Route 325.

NRS GROUP is committed to continue its social contribution activities, including this cleanup initiative and other environmental beautification efforts.
