

Safety and Quality Policy

Basic Policy

Placing safety and legal compliance first, we contribute to society by providing customers with reliability and trust through high-quality logistics services.

Action Guidelines

1. We will always act with the utmost priority on human life and safety.
2. We will develop and provide high-quality logistics services and plans that meet customer needs.
3. We will comply with relevant laws, regulations, and internal rules, and strive for continuous improvement of our safety and quality management system.
4. In the event of a disaster or accident, we will ensure the safety of the local community and endeavor to achieve the early recovery and continuity of our business operations.
